

Paul-Victor Fournier (1877-1964)

Les cactées & plantes grasses.

This is the second edition of the book by [Paul-Victor Fournier](#) that was first published in 1935. Over 500 pages, about 130 B&W pictures and 64 colored plates. Classification is out-of-date, however the book is of good quality, although Fournier's style and his “rants” are sometimes awkward and confusing. These “minor defects” are far outweighed by his scholarship and his pedagogy.
