

Pierre Joseph Redouté (1759-1840)

Les Liliacées. (Partial)

 No copyright (public domain)

Pierre Joseph Redouté, the most famous botanical illustrator, started the publication of *Les Liliacées* in 1802. This is a collection of 486 plates in 8 volumes. We propose 26 plates related to succulents. Even though pineapple (opposite) is not a succulent, the execution is so perfect that we would enjoy eating it.
